EcotoxicoMic 2020 International Conference: towards an exciting scientific program

5 scientific sessions, 6 keynotes by internationally renowned researchers, 36 oral communications, >50 posters and dedicated time for social and networking activities: **this is the exciting program of the next international conference EcotoxicoMic 2020** that will take place in Montpellier (France) from October 6th to 9th, 2020. **It's not too late to join us!** <https://ecotoxicoomic20.sciencesconf.org>

Conference registration

Deadline for early registration
July 17th, 2020

Submission deadline for **poster abstracts** : September 15th, 2020
Applications to the **free registration grant** are accepted until July 1st @ <https://ecotoxicoomic20.sciencesconf.org/resource/page/id/15>

Submit your article to the **EcotoxicoMic Frontiers Research Topic** (50% discount)

A Research Topic entitled *Microbial Ecotoxicology Advances to Improve Environmental and Human Health Under Global Change* is available on *Frontiers in Microbiology* (IF=4.259)

Topic Editors: A. Cébron , D. Karpouzas, F. Martin-Laurent, S. Morin, C. Palacios, M. Schmitt-Jansen

Article or abstract submissions are already welcome @ <https://www.frontiersin.org/research-topics/14404/microbial-ecotoxicology-advances-to-improve-environmental-and-human-health-under-global-change>

Exclusively for attendees of EcotoxicoMic 2020, Frontiers will offer a 50% discount on the full publishing price for the 40 first submissions. Articles will be published as soon as they are accepted.

Register to the **Dromics training course**

A few places are still available for the training course entitled **Management**

of molecular data obtained in a dose-response framework. Organized in the framework of EcotoxicoMic2020, its main objectives are to learn how to use the free DRomics tool, understand its core functioning and explore its outputs.

Date: October 6th, 2020 (9:00am-12:30pm). **Early registration fees (until July 17th, 2020):** 45€. **Maximal number of participants:** 15 (EcotoxicoMic 2020 attendees only). **No skills in R are mandatory.**

Towards a Frontiers **eBook on Microbial Ecotoxicology**

The 1st EcotoxicoMic Research Topic, which was hosted by *Frontiers in Microbiology* and *Frontiers in Environmental Science* is now completed. **A free-to-access eBook gathering the 42 accepted articles** will be available soon. An overview of the research topic contents is available in the **editorial article**
