

Latest news about the 4th International Conference in Microbial Ecotoxicology

EcotoxicoMic2024

November 12th -14th, 2024
Gothenburg, Sweden

Over 130 participants have already registered for this exciting conference. Don't miss the opportunity to join them and discover the latest advances in the field of microbial ecotoxicology.

Registration is still open until October 15th, 2024.

The registration fee (excluding the gala dinner) is €500 (€400 for students).

The conference (provisional) program is available online on the conference website

<https://ecotoxicomic24.sciencesconf.org/>

Scientific Highlights:

- 6 regular and special sessions
- 7 invited renowned speakers
- 44 oral communications
- 80 posters

Awards:

- Best Oral presentations by Young Researchers
- Best Poster presentations by Young Researchers

Social Events :

- Welcome reception
- Conference dinner
- Social evening for the Young Researchers (in a pub)

Don't wait to register, we look forward to meeting many of you in Gothenburg in November.

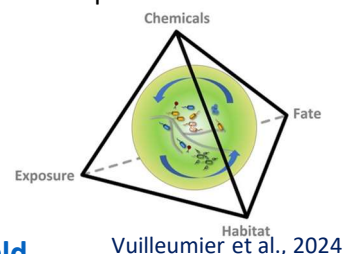

Discover the FEMS Microbiology Ecology thematic issue « Microbial Ecotoxicology: From the Lab to the Field »

The thematic issue dedicated to Microbial Ecotoxicology has been recently published in FEMS Microbiology Ecology. This issue is associated with the third international conference, EcotoxicoMic 2022, which took place from 15th to 18th November 2022 in Montpellier (France). All articles in this thematic issue are free to read and download.

This thematic issue brings together a selection of **3 review articles** and **12 original research papers**, as well as **1 editorial article**, written by the guest editors: Stéphane Vuilleumier (France), Lise Barthelmebs (France), Natàlia Corcoll (Sweden), Marina Hery (France), Dimitrios Karpouzas (Greece) and Lukas Wick (Germany).

SAVE THE DATE

Online stakeholders workshop organized by the MSCA ITN-EID ARISTO project. October 28th, 2024 - 10-12 am CET

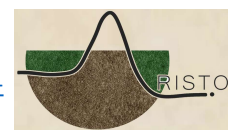

Don't miss this online stakeholder workshop, which is entitled
“Novel Methods for Assessing the Soil Microbial Toxicity of Pesticides”.

This online workshop will feature presentations and a panel discussion.

Registration is free but mandatory.

Registration deadline: October 11th, 2024.
